Social skills and competences

Very friendly, open minded, good networking skills and able to work with other departments to fulfill my goals.

Organisational skills and competences

Managed a team of 5 people (linkbuilders) for over a year while working for different clients online.

I know how to realistically set up goals and learned not to procrastinate.

Technical skills and competences

Very good link building skills, very good onsite optimization techniques, good with URL rewrites and redirects (apache).

Computer skills and competences

Computer and Internet Savvy. Up to date with most things both on hardware and software. Good background on programming which makes it easier to communicate with the Development team and QA. Computer literacy.
